i guru Cafe Lounge Bar'ın bulunduğu bina, 1900'li yılların başında Collège des Frères St. Pierre Okulu'nda görevli olan sörler (Frères) tarafından yatakhane ve misafirhane olarak kullanılır.

1935 yılına kadar yurt olarak kalır. 1935 yılından sonra bina kilise tarafından satılır ve 1935-1962 yılları arasında bir postal fabrikası burada faaliyet gösterir. Fabrika daha sonra şehir dışına taşınır ve yerine Yordan Usta'nın mobilya atölyesi açılır. Atölye, 1990'lı yılların sonlarına kadar Türkiye'de birçok ünlü isme ilham kaynağı olur.

Geçmişte ruhani liderlerin kaldığı ve bugün i guru'ya ev sahipliği yapan binanın sırtı, Ceneviz duvarlarına dayalıdır. i guru için Galata Kulesi'nin arka bahçesi desek, yanlış olmaz.

What was once used by the Sirs, the Frères, of College des Frères St. Pierre as a dormitory and a guesthouse in the early 20th century is now the i guru Cafe Lounge Bar.

The building remained a dormitory until 1935 and was sold by the church in the same year. Later on, between 1935 and 1962, the building served as a combat boot factory. When the factory relocated to upstate, the building became home to Yordan "Usta"s furniture atelier. And this very atelier ended up becoming the muse of several celebrities in Turkey until the end of the 90s.

The building that was once home to spiritual leaders and now i guru has its back leaned against the Genoese walls. It would be fair to call i guru the backyard of the Galata Tower.
